# CPSC FOIA Log - FY22

Request ID	Request Description	Request Type	Organization	Received Date	Closed Date	Final Disposition
22-A-00001	I appeal this response on the grounds that the records were provided as 71 individual pages, in such an inappropriate and unhelpful format that the record is essentially unusable in this form. There is no sound administrative reason or justification for releasing records as individual pages in this way. If this is the result of a problem or bug in the PAL system, then this problem is probably already known and should have been fixed. In the meanwhile, I ask that the 71 page file be provided to me as a single document (or two or three documents) as is ordinary and reasonable and customary for FOIA responses. I reserve the right to appeal substantively once I have been able to see the responsive records, which I have not yet had an opportunity to do. The responsive records do not require any research, preparation or review since they already exist in the fully processed form at the CPSC FOIA Office.	Appeal		10/01/2021	10/18/2021	Other Reasons - Request in Litigation
22-A-00002	The records that I am seeking are monthly corrective action reports. These reports contain no trade secret information or identify any human, thus making the exemption under invasion of personal/medical information moot. These records are standardized documents that only inform CPSC and ultimately the public of the status of recalled products. (Date Range for Record Search: From 12/16/2020 To 09/21/2021)	Appeal	Gray Television/InvestigateTV	10/15/2021	10/07/2022	Partially Affirmed & Partially Reversed/Remanded
22-A-00003	For initial requests 21-F-00575, 00579, 00583 and 00586. Note: Alia Smith of Ballard Spahr represents the requester, Ms. Riepenhoff (see the appeal document) but FX wouldn't link the request if Ms. Smith was listed on the appeal. They are appealing the withholding of CBI and a 7(A) response. Note: The wrong letter was sent in the Camp Chef request.	Appeal	Gray Television/InvestigateTV	11/16/2021	12/02/2021	Partially Affirmed & Partially Reversed/Remanded
22-A-00004	Hello, I now have specific recall case numbers that may be to aid the search for the information the professor is looking for. The creation date is the day the was reported to CPSC/brought to your attention, the date you recorded it before the recall was announced. I have an excel sheet with press release ids that I forward on. Also we don't really have a clear understanding of what can't be found could you provide a little more clarity, please? Many thanks	Appeal	Georgia state University	12/02/2021	12/22/2021	Completely Affirmed
22-A-00005	Boppy appeals the CPSC's determination for the following reasons: (1) the CPSC failed to demonstrate that the records were compiled for law enforcement purposes; (2) the CPSC failed to state how disclosure could reasonably interfere with law enforcement proceedings; and (3) the CPSC failed to state with sufficient specificity the articulable harm that release of the information would cause.	Appeal	Kilpatrick Stockton, LLP	01/12/2022	02/02/2022	Completely Affirmed

22-A-00006	Boppy appeals the CPSC's determination for the following reasons: (1) the CPSC failed to demonstrate that the records were compiled for law enforcement purposes; (2) the CPSC failed to state how disclosure could reasonably interfere with law enforcement proceedings; and (3) the CPSC failed to state with sufficient specificity the articulable harm that release of the information would cause.	Appeal	Kilpatrick Stockton, LLP	01/13/2022	02/02/2022	Completely Affirmed
22-A-00007	Boppy appeals the CPSC's determination for the following reasons: (1) the CPSC failed to demonstrate that the records were compiled for law enforcement purposes; (2) the CPSC failed to state how disclosure could reasonably interfere with law enforcement proceedings; and (3) the CPSC failed to state with sufficient specificity the articulable harm that release of the information would cause.	Appeal	Kilpatrick Stockton, LLP	01/13/2022	02/02/2022	Completely Affirmed
22-A-00008	(b)(5): Requester wants a "concrete explanation as to how release of years-old conversations about the Capstone approach would not be in the public interest in terms of impairing the frank exchange of views" and does not see how withholding under (b)(5) would pose any foreseeable harm here.	Appeal	University of Maryland	02/08/2022	03/25/2022	Completely Reversed/Remanded
22-A-00009	Issues related to the 7(A) exemption cited in the underlying request.	Appeal	Kilpatrick Stockton, LLP	02/23/2022	03/16/2022	Completely Affirmed
22-A-00010	Issues with adequacy of the search; redactions.	Appeal	National Waste & Recycling Association	03/02/2022	03/30/2022	Partially Affirmed & Partially Reversed/Remanded
22-A-00011	Requested records related to "La-Z-Boy Recalls Wall Saver Power Reclining Furniture Due to Fall Hazard," for PowerRecline XRw Recliners. On February 22, you responded, releasing 730 pages of documents, most of which were redacted in their entirety under various exemptions provided by the Freedom of Information Act (FOIA) and by the Consumer Product Safety Act 15 U.S.C. §§ 2055(a)(2), and 2055(b)(1). We are appealing this response, and request that you re-release these materials with appropriate redactions.	Appeal	SRS	03/16/2022	04/07/2022	Partially Affirmed & Partially Reversed/Remanded
22-A-00012	IRS - (4684) Insurance Property Loss & Casualty Claims require additional documents. The "Clerk" address discrepancy is referenced on the Arbitration Judgement for #17CV1919; the Office of the Clerk still requires "correction and acknowledgment has to be completed by Legal with a corrected copy forwarded to both Parties;(Plaintiff and Defendants)." 22-F-00012	Per the 2018 toy fatality report I would like the information on the following fatalities from balls: Rubber Balls Two girls—ages 3 and 6 years—died of airway obstruction in separate incidents, each when a rubber ball lodged in their airways. • A 3-year-old girl swallowed a semi-clear rubber bouncy ball that measured 1 and 11/16 inches in diameter. The ball was extremely slippery when it got wet and slid down the victim's throat just past the tonsils, which blocked all air intake. Emergency responders were able to dislodge the ball from the victim's throat but reported that it was difficult to remove the ball because it was so slippery. The victim suffered brain damage due to oxygen deprivation. The victim was pronounced deceased 6 days later. • A 6-year-old girl was found choking on an object at home by her mother. Emergency medical personnel were called and began resuscitation efforts. The victim was transported to a local hospital. The emergency room physician dislodged a soft green rubber ball from the victim's upper airway. The rubber ball was approximately 2.3 cm in diameter. All efforts to revive the victim were unsuccessful, and the victim died later that day. The mother reported that the victim had a history of Cornelia De Lange syndrome and had an attraction to rubber objects like balls and rubber bands. The victim had similar choking incidents in the past, some resulting in trips to the emergency room.	FOIA	Intertek	10/06/2021	10/07/2022	Granted/Denied in Part

22-F-00096	I am a law student at Yale Law School working on a research paper on the deliberative process privilege ("DPP"). I intend to use the responsive records in a paper that will be the first to compare the content of documents withheld under the DPP with agencies' rationales for withholding them. The mechanism making this research possible is the sunset provision on the DPP passed in the FOIA Improvement Act of 2016, 5 U.S.C. § 552(b)(5), which prohibits use of the DPP to shield documents from FOIA requests if they were created 25 years or more before the date on which the records were requested. All the records requested below were the subject of litigation occurring before October 31, 1996, and so were certainly created 25 years or more ago. Please provide me within 20 business days, via email to the email address listed below, copies of the following records: 1. All documents withheld under the DPP by the Consumer Product Safety Commission, and all documents in which it explains its rationales for withholding under the DPP (e.g., the original FOIA request and response, the briefs in the case), in response to all FOIA requests at issue in the following cases: a. Chemical Mfrs. Ass'n v. Consumer Product Safety Comm'n, 600 F. Supp. 114 (D.D.C. 1984). 2. Any summary	FOIA	Yale Law School	12/28/2021	03/17/2022	Granted in Full

22-F-00120	Dear Freedom of Information Officer: Pursuant to the Freedom of Information Act (FOIA), 5 U.S.C. § 552, and your agency's implementing regulations, the Revolving Door Project makes the following request for records. The records requested herein may reside in multiple components or offices within your agency. We ask that you coordinate this request across your agency in your role as the agency's FOIA contact. The Revolving Door Project requests that your agency produce the following within twenty business days: All calendars or calendar entries for Alexander Hoehn-Saric, including any calendars maintained on his behalf (e.g., by an administrative assistant), from January 20, 2021, through the date on which this request is fulfilled. Revolving Door Project requests that the calendars be produced in a format that includes all invitees, any notes, and all Attachments. Please do not limit your search to Outlook calendars. We request the production of any document—paper or electronic, whether on government-issued or personal devices—used to track or coordinate how Hoehn-Saric allocated his time on agency Business. The Revolving Door Project seeks all responsive records regardless of format, medium, or physical characteristics. In conducting your search, please understand the terms "record," "document," and "information" in their broadest sense, to include any written, typed, recorded, graphic, printed, or audio material of any kind. To ensure that this request is properly construed, that searches are conducted in an adequate but efficient manner, and that extraneous costs are not incurred, the Revolving Door Project welcomes an opportunity to discuss its request with you before you undertake your search or incur search or duplication costs. By working together at the outset, the Revolving Door Project hopes to decrease the likelihood of costly and time-consuming litigation in the future. Where possible, please provide responsive material in electronic format by email or in PDF or TIF format on a USB drive. Please send any responsive material being sent by mail to the Revolving Door Project, 1611 Connecticut Avenue NW, Suite 400, Washington, DC 20009. 22-F-00125	Dear FOIA Officer, My name is [REDACTED] and I am a student at [REDACTED] High School. I am working on a school project related to government IT contracting and since this is a FOIA request, I thought it would be easiest to just request records related to your FOIA Office's IT contract information! I've reviewed your FOIA page, your annual report and the Chief FOIA Officer Report on the DOJ OIP website and additional information on FOIA.gov. At this point, I just need a few records to round out my research and finish my project this semester. Therefore, I would like to request the following records: 1. Your agency's previous (FY21) and current (FY22) contract for you FOIA case processing software with cost information included. I'm interested in what your agency expends on this line of business and am analyzing it vs. other agencies to get a sense of what the federal government expends on FOIA software solutions. 2. Any additional contracts and costs directly related to FOIA processing (for example, Adobe, Video/Audio redaction software, contract support). I understand that costs can more than just your FOIA case processing software and want to paint a complete picture with my research. 3. Your agency's Annual Budget for your FOIA team- looking for a total cost of operation. I have the FTE's and costs from your annual report; however, I'm looking for the actual budget item to add to the analysis. 4. Training materials on FOIA case processing. This could be PowerPoints, Handbooks, Job Aides, Videos, Guidebooks, etc. I'm interested in	FOIA	[REDACTED] High school	01/28/2022	06/28/2022	Granted in Full

DOD, as a student using the requested records in furtherance of my course of study, I qualify for a full fee waiver and request that you waive all fees related to this request. I will also be happy to share my report with you when I'm finished if you think it would be helpful. I'm looking forward to working with you so please provide rolling releases as the records become available and contact me with any questions. Thank you,

22-F-00135	February 8, 2022 Dear Special Consumer Product Safety Commission FOIA office, On December 20, 2021 a Notice by the Consumer Product Safety Commission (CPSC) was posted on the Federal Register: Pursuant to the Privacy Act of 1974, the Consumer Product Safety Commission (CPSC) is proposing changes to one system of records notice (SORN). CPSC is proposing to amend CPSC 23—Equal Employment Opportunity (EEO) Disability/Accommodation Files. The amendment will expand the authorities for maintenance of the system, the purposes of the system, the categories of individuals covered by the system, the record source categories, and the records contained in the system, to include records of requests for accommodation based on sincerely held religious beliefs, practices, or observances. The notice can be located at <a href="https://www.federalregister.gov/documents/2021/12/20/2021-27438/privacy-act-of-1974-system-of-records">https://www.federalregister.gov/documents/2021/12/20/2021-27438/privacy-act-of-1974-system-of-records</a> Pursuant to the Freedom of Information Act, I respectfully request the following documents (or documents containing the following information): 1. A screenshot of the system of records sufficient to identify all categories of collected information. Please redact all personally identifiable information. 2. Documents sufficient to identify the total number of individuals who have their information stored in the system of records. To the extent that potentially responsive documents contain agency notes or information on internal agency deliberations, I respectfully request that these records be provided with such information redacted. Additionally, if you believe that any potentially responsive records include any personal, commercial, or proprietary information, I respectfully request that these records be provided with such information completely redacted. Because this is a request by the news media for information of public interest, made in my capacity as an author for the Daily Signal (a major news outlet), I request that you waive all applicable fees associated with this request. Release of this information is in the public interest because it will significantly contribute to the public understanding of whether federal employees' constitutional rights are being protected as the government seeks to collect bulk information on said employees' religious beliefs. This issue has already generated major public interest and media attention (see: <a href="https://www.dailysignal.com/2022/01/15/18-more-federal-agencies-eye-making-vaccine-religious-objector-lists/">https://www.dailysignal.com/2022/01/15/18-more-federal-agencies-eye-making-vaccine-religious-objector-lists/</a> ). In the interest of expediency and to minimize the research and/or duplication burden on your staff, please send records electronically if possible. If this is not possible, please notify me before sending to the mailing address listed below. If access to this request will take longer than seven (7) business days, please let me know when I might expect copies or be able to inspect the requested records. In all cases, please communicate with me at the below telephone number or email address. If any portion of this request is denied for any reason, please provide written notice of the records or portions of records that are being withheld and cite each specific exemption of the Freedom of Information Act on which the agency relies. Please also provide the name and address of the officer or body to which an appeal can be directed. Thank you in advance for considering my request. 22-F-00154	<p>Vehicles with air conditioner have an air filter. On two cars I have, the filter is located in the glove compartment. First, do standard car air conditioner filters remove soot and particulates? If so, this is a disadvantage to run the air conditioner, as the air is cleaners. We know cars pollute and everything we do to reduce pollution helps. Air conditioning a car requires more fuel. Second, in a standard car, when any fan is turned on, does the air go through does the air go through the air conditioner filter? I have owned a Toyota Yaris and now Ford Focus. At my local Ford dealer this week I was told the filter is changed every thirty thousand miles. I then went to Toyota dealer, and I was told their air filters are check every twelve to fifteen thousand miles. 22-F-00176	Pursuant to the Freedom of Information Act (FOIA) (5 U.S.C. § 552), Taylor Research Group (TRG) is hereby requesting copies of any and all records in the possession, custody, or control of the U.S. Consumer Product Safety Commission (CPSC) pertaining to the 1977 removal of benzene from Berryman Products, Inc.'s B-12 Chemtool product. It is our understanding that Berryman Products, Inc. historically sold B-12 Chemtool, a carburetor cleaner, to the U.S. Navy. We believe that the original B-12 Chemtool formulation contained benzene until June 1, 1977, when it was replaced with a benzene-free version. We understand that in the 1970s, the CPSC monitored and made recommendations regarding the usage of benzene. We would like to request any CPSC records dating between 1976 and 1978 regarding the proposed or actual removal of benzene from B-12 Chemtool. Records of interest include correspondence, warnings, studies, issuances, instructions, guidance, or recommendations compiled by the CPSC. We are specifically interested in any records sent to or received from the U.S. Navy, but we are also interested in records involving any other agencies, commands, organizations, facilities, or individuals who sold, purchased, utilized, or monitored B-12 Chemtool. In addition to documentation currently physically held by CPSC, we also ask that you include in your search any and all relevant records that are still in the control of CPSC but physically held at the Washington National Records Center in Suitland, Maryland, or other Federal Record Centers. Records at these facilities are held by the National Archives, but remain in the control of CPSC and other originating agencies, and any access must be granted by those originating	FOIA	Taylor Research Group	03/03/2022	07/29/2022	Granted in Full

	agencies. In order to assist in narrowing the focus of this search, we also request full copies of SF-135s or similar records transmittal forms for all records transferred from CPSC to storage facilities of the National Archives and Records Administration (these records are, at present, inaccessible to the general public). Upon review of the SF-135s, TRG will likely be able to identify specific collections, boxes, or folders that are relevant to our request and can advise you accordingly. TRG agrees to pay all reasonable and standard processing fees authorized by 5 U.S.C. § 552 (a)(4)(A) and the applicable regulations up to \$250. If the fees will exceed this amount, please call us with an estimate of the costs so that we can specifically authorize expenditures beyond \$250. If you have any questions, please call us at [REDACTED] or e-mail me at [REDACTED]@taylorresearchgroup.com. Thank you for your assistance with this request. 22-F-00243	Pursuant to the Freedom of Information Act (“FOIA”), 5 U.S.C. § 552, and the implementing regulations of the U.S. Consumer Product Safety Commission (“CPSC”), 16 C.F.R. Part 1015, Law Offices of Jonathan A. Sorkowitz (“LOJAS”) hereby makes the following request for records on behalf of its clients [REDACTED] and the estate of [REDACTED]. By way of background, [REDACTED] was a four-month-old child who died on [REDACTED], 2017 in a Fisher-Price Rock ‘n Play Sleeper in [REDACTED], South Carolina. The Rock ‘n Play Sleeper product has been the subject of a nationwide recall by Fisher-Price in conjunction with the CPSC after numerous infant deaths in the product were identified. The product, an inclined infant sleeper, will be barred from sale in the United States by a CPSC Final Rule promulgated on June 21, 2021, when it becomes effective on June 23, 2022. See 86 Fed. Reg. 33022. The CPSC obtained physical evidence relating to [REDACTED] death from the [REDACTED] Police Department (Sample No. 18-800-0743-0744), including the Rock ‘n Play itself and related items. Ms. [REDACTED] is now in litigation with Fisher-Price in California Superior Court, Los Angeles County (Case No. 19STCV42310), asserting among other things wrongful death and products liability claims. These items constitute important evidence to obtain justice for [REDACTED]. The CPSC, however, has denied Ms [REDACTED] the return of these items at least for the time being. Pamela Stone, Special Assistant (Attorney Advisor) in the CPSC General Counsel’s office, informed me that CPSC was not turning over the items in question based on the CPSC’s “product retention policy,” but refused to disclose that policy without a FOIA request. LOJAS, on behalf of its clients, therefore requests the following documents: 1. All product retention policies applicable to any	FOIA	Law Offices of Jonathan A. 	items held by the CPSC relating to [REDACTED]. 2. All rules, regulations, policies, orders, directives, memoranda, guidelines, handbooks, standards or similar documents applicable to the CPSC's collection, handling, retention, treatment and/or disposition of any items held by the CPSC relating to [REDACTED]. 3. All records of the CPSC relating to the CPSC's collection, handling, retention, treatment and/or disposition of any items held by the CPSC relating to [REDACTED], including but not limited to lists of items, inventories, and/or similar records reflecting what items the CPSC has collected or possesses.

	<p>around. My team and I are interested in better understanding if/how replacement of certain hospitals/EDs within PSUs might have affected documented trends overtime. Specifically, we were wondering if there is documentation or information that you could provide on when hospital/ED replacements occurred and within which PSUs so that we can run sensitivity analyses in a restricted sample of PSUs that did not experience replacement. We initially contacted CPSC statistical support around this, and received helpful guidance from Dr. Li Hui Chen that we would first need to initiate a request for the hospital/ED replacement information through the CPSC FOIA office (see correspondence below). Is there a particular web platform we should be making this request through or is an email request such as this preferable? Thank you in advance for any guidance you may have on this and for your time. We look forward to hearing from you.</p>

	<p>other citizens of the greatest country in the world (USA) subject to consumer products under your jurisdiction and oversight, submits this FOIA request and Citizen's petition to make America a safer place, by appropriately identifying, classifying hazard, and publishing said classification of recalls/hazards for public awareness, and ultimately protecting private citizens by informing that "could potentially die" as recommended as Class A, B, or C, in the CPSC "Recall Handbook" published in 2012. Section A – Action Request 1. FOIA Request a. Request to fill out all Hazard Classifications (A,B,C) in my attach excel sheet. i. I will attach my excel sheet, which was downloaded from your website and highlight the column in yellow color. Alternatively, please share a CSV or Excel sheet of all your recalls from 1/1/2015 to 6/5/2022 with Hazard Classification Defined (A,B,C) per Recall. ii. My excel sheet has all the CPSC recalls from the past 5-7 years, since 2015. iii. I intend to conduct statistical analysis, analyze, and appropriate capture the risk level and communicate this to the public to protect America from defective products (The same mission as CPSC). 2. Citizen's Petition a. Request to publish Hazard Classifications (A,B,C) of existing or previous recalls on your website. b. Request to publish Hazard Classifications (A,B,C) forward looking on your website c. Request to publish risk statement commensurate with each Hazard Classifications (A,B,C) on each post, to appropriate inform and protect the general public. i. Class A, per CPSC Handbook = "Exists when a risk of death or grievous injury or illness is likely or very likely, or serious injury or illness is very likely." ii. Class B, per CPSC Handbook = Exists when a risk of death or grievous injury or illness is not likely to occur, but is possible, or when serious injury or illness is likely, or moderate injury or illness is very likely iii. Class C, per CPSC Handbook = Exists when a risk of serious injury or illness is not likely, but is possible, or when moderate injury or illness is not necessarily likely, but is possible. 22-F-00343	<p>Pursuant to the Freedom of Information Act ("FOIA"), 5 U.S.C. § 552, and the implementing regulations of the U.S. Consumer Product Safety Commission ("CPSC"), 16 C.F.R. Part 1015, Law Offices of Jonathan A. Sorkowitz ("LOJAS") hereby makes the following request for records on behalf of its clients [REDACTED], [REDACTED], the estate of [REDACTED], [REDACTED], and the estate of [REDACTED]. By way of background, [REDACTED] and [REDACTED] were infants who died on in Fisher-Price Rock 'n Play Sleepers. The Rock 'n Play Sleeper product has been the subject of a nationwide recall by Fisher-Price in conjunction with the CPSC after numerous infant deaths in the product were identified. The product, an inclined infant sleeper, will be barred from sale in the United States by a CPSC Final Rule promulgated on June 21, 2021, when it becomes effective on June 23, 2022. See 86 Fed. Reg. 33022. It is also banned for sale in the United States by the recently-signed Safe Sleep for Babies Act. The [REDACTED] and [REDACTED] families are now in litigation with Fisher-Price in California Superior Court, Los Angeles County, asserting among other</p>	FOIA	Law Offices of Jonathan A. 	things wrongful death and products liability claims. LOJAS, on behalf of its clients, therefore requests the following documents: 1. In-Depth Investigation Files (INDP) for deaths for all ages up to 12 months and incidents occurring from 2007 to present where death occurred in a crib. For avoidance of doubt, these files should include at least the following information: task number, date of accident, diagnosis or "diag", disposition or "disp", Age, Infant's sex, City, State, Narrative, Product 1, Product 2, associated document number or "docno", and date entered or "dtent". 2. In-Depth Investigation reports relating to the infant death incidents listed below. LOJAS has provided all of the information it has to assist the CPSC in identifying the IDI reports. Consumer Products Safety Commission LOJAS believes that all of the below incidents involve inclined sleep products, but is uncertain whether they will be coded as such in the CPSC's system. Note: For the entire request description, please view the incoming request letter.

22-F-00392	Our client was injured by the spontaneous explosion of a hotel room glass shower door on August 7, 2020. Hyatt hotel failed to upkeep the glass shower door which failed to comply with the U.S. CPSC Federal Mandates, causing our client to sustain severe bodily injuries. I am aware of the CPSC takes all incidents involving shattering glasses seriously and that there were an estimated 2,300 U.S. Emergency visits associated with shattering glass doors. I would like to obtain more information regarding mandatory Federal Safety Standards for glass in showers and any reported /recalled shower door model information. Please advise whether this information can be provided informally or whether a FOIA request is necessary. I have not operated a motor vehicle as a direct result of the continuous illegal programs since October of 2017. Per Maryland law Md. Code, Pub. Safety § 3-503 the programs and activities would have to be registered with the law enforcement agency designated by the governing body of a county. Due to a lack of consent, a valid employment contract, or known organization, my exhausting daily efforts have failed to yield any records. To reduce any burden on the CPSC the documentation if it exists may be found within the administrative offices. The records I seek will be used to legally cease and desist the illegal activities and programs continuing currently that are taken by me as harassment, initiated with no consent or valid employment contract and have caused extreme disruptions including but not limited to activities based on data involving off-duty police, volunteer fire, military, army personnel, aircrafts and local participants. Fees and expedited: I agree to pay fees up to \$25.00 without prior notification. I would request a waiver due to indigency and expedited handling due to Maryland criminal cases resulting directly from the illegal programs and activities that have been ongoing since 2016. Additionally, there are outstanding legal concerns, extensive damages, and the fact that I am presently prevented from advancing in my career and achieving my goals due to the illegal programs and activities. I declare under penalty of perjury that the foregoing is true and correct.
